

COR Swim Team – Locker Room Policy

The COR Swim Team rents the facilities we use and must follow the rules of both USA Swimming Safe Sport and the facilities themselves when it relates to Locker Room and Restroom use.

COR Swimming DOES NOT have locker room use at either of the Richardson ISD Natatoriums; JJ Pearce HS Natatorium and Berkner HS Natatorium.

- Swimmers must arrive and leave in their swimsuits when practicing at one of these facilities.
- The lobby restrooms are for single person use only. Swimmers are permitted to change in the lobby restroom.

The COR Swim Team DOES have locker room use at the Garland ISD Natatorium or swim meets where locker room use is available.

No Coaches, USA Swimming Officials or non-registered USA Swimming adults are permitted in the locker rooms when athletes are present.

- Registered swimmers 18 and above may use open locker rooms under USA Swimming Athlete Protection guidelines.
- Athletes in the locker room must respect the rules of the facility and refrain from any vandalism, horse-play, etc or they will be subject to the consequences of their actions to include but not limited to fines and team suspension.

No Photography or Videos are permitted in the locker rooms, restrooms or changing areas. **This is a zero-tolerance policy** resulting in a long term or permanent locker room ban. Depending on severity, this may also result in team suspension, USA Swimming suspension or appropriate legal action.

Misbehavior in the locker rooms to include but not limited to: bullying, vandalism, photography, etc. will result in:

- 1 month locker room ban for the 1st offense
- Repeat offenses will result in either a seasonal or permanent locker room ban depending on severity.
